

**REMARKS**

The following amendment is submitted under 37 C.F.R. § 1.312. The notice of allowance in this application was mailed on December 16, 2005.

This amendment is submitted to clarify the basis for priority and contains no new matter. Applicants noted that the basis for priority required clarification while reviewing the continuity data for the allowed application, and accordingly request entry of the above amendment to the specification at the present time. The claim for priority was made in the Declaration and Power of Attorney filed May 17, 2004, and executed by the inventors on May 6, 2004. Applicants inadvertently failed to include the reference in the specification, the reference now being made by amendment.

Applicants believe that no charges are due in connection with this amendment. However, in the event Patent Office charges are due, please charge the undersigned's Deposit Account No. 50-0206.

Respectfully submitted,
